SAA Choral Boosters – How to Use Popmoney to make payments!

Popmoney is a safe, secure, and highly encrypted way to send payments using only the recipient's email address or mobile phone number. Many banks have already partnered with Popmoney – your bank may be one of them.

Popmoney also gives you the option to set up a payment to be made at a later date – no more forgotten payments! When you get the bill, just immediately set up the payment to be transferred by the due date and you are done.

For more information, go to www.popmoney.com.

Please note: Popmoney does have apps for Apple and Android, but you do NOT need them to send Popmoney to SAA Choral Boosters!

Popmoney can be used to send money using a direct transfer from bank account to bank account or using a debit or credit card. You can use Popmoney in one of two ways:

> **Your bank website**
> If your bank has partnered with Popmoney and you use online banking, you can go directly to your bank's website, log in to your account and send Popmoney payments from there. To find out if your bank has partnered with Popmoney, go to www.popmoney.com and scroll to the bottom of the page.
>
> See your bank's website for instructions and any related fees. The bank used by the Boosters has partnered with Popmoney and charges no fees for use of the service. Popmoney may be listed under "Transfers" rather than "Bill Payment".
>
> **Popmoney website**
> If your bank does not partner with Popmoney or you do not use online banking, just go directly to www.popmoney.com and "Sign up" for an account. You will have an opportunity to enter your bank account information, including routing number and account number, and/or your debit and/or credit card(s). After your account is set up, you can send a payment using only our email address: saachorus@gmail.com. NOTE: When you send money to SAA Choral Boosters, choose **Person** (not Charity) as the type of transfer. (The process to be classified as a charity by Popmoney is complicated and not worth the effort for our size.)
>
> Popmoney's website will also provide more specific instructions and information about fees. You will pay $0.95 to send a payment to SAA Choral Boosters.

A transfer via Popmoney may take a day or two to be completed so make sure to plan for this delay when sending payments.
